The journey from the peace and quiet of your acreage home to the excitement and energy of the commercial world is one measured in minutes. The Woodlands is only five minutes away and offers abundant shopping, dining, entertainment and places of worship. Tomball, Magnolia and Conroe also offer unique opportunities for shopping and recreation.

Lake Conroe is a popular destination for water sports enthusiasts and fishermen. Parks, fishing areas and boat rentals are all located on the south side of the lake. Travel further north on I-45 to reach the Sam Houston National Forest and Park. Recreational destinations closer to home include the area golf clubs and the George Mitchell Nature Preserve.
